#### **Event Details :**

Fire Safety lecture and demonstration was delivered on 3<sup>rd</sup> January, 2023. A workshop is conducted on fire extinguishers at A-building for Staff member, Lab Technicians and office Assistants, etc. The following points were discussed, and Mock drill also conducted to create awareness to all of the attendees and discussed different kinds of fire and the causes of their occurrences and how to use fire extinguishers, how many types of extinguishers we are using in our campus explained by the Dharmendra sir.

The following points are discussed.

1. Class on how to create fire.
2. Different types of fire extinguishers and their usage.
  - a. Water Type Extinguishers
  - b. Carbon dioxide Extinguishers
  - c. Dry Powder Extinguishers
  - d. Put off the gas fires(Domestic &Business)
3. How to use fire fighting equipment
  - a. Hose Reel

Participants were actively involved in the Demo process and learnt to deal with prevention of Accidental generation of fire in different situations. It was a great learning experience for everyone that helped them to understand the causes of fire ways to combat it in an interactive manner.
